to attend the international conference:ϕ

EU SANCTIONS IN INTERNATIONAL DISPUTES: AN OPEN DEBATE WITH STOCKHOLM ARBITRATION INSTITUTE

Moscow, March 17th 2016

The idea of the conference is to seek answers to the most challenging questions posed by the EU sanctions to Russian and EU businesses. Both Russian and EU parties are concerned about legal and practical issues arising out of the new legal regulations. Some of them might have dealt with the sanctions already and some are taking proactive steps to meet the new requirements. What are these requirements? How to handle non-performance due to sanctions? Can the sanctions have extraterritorial effect? Which effect, if any, can they have on international arbitration? – these and many other questions will be in the focus of the debate. We hope that an open dialogue of Russian and Swedish arbitration specialists will help to remove misconceptions and to strengthen confidence in international arbitration.

**Registration and program information will be available at legalinsight.ru.
